For more information or to confirm if a horse/rider spot is available, contact Sandie Kappes at [skappes@ifoxtrot.org](mailto:skappes@ifoxtrot.org) or 217-621-3837. To reserve a spot, you must send a \$100 deposit within two weeks of the confirmation date to: Sandie Kappes, 4003 E Old Church Rd, Urbana, IL 61802-9532.

*No refunds on deposit unless spot can be filled by an alternate.*

## About the Clinic

The topics covered will teach you how to:

- Read Your Horse's Gait From the Ground and in the Saddle
- Get to Know Your Horse's Mouth for Better Gaiting
- Find a Smooth, Easy Gait Naturally
- Keep Your Gaited Horse Gaiting

This clinic is for anyone who wants to learn how to feel and understand the smooth easy gaits of their gaited horse be it Tennessee Walking Horse, Missouri Fox Trotter, or Rocky Mountain Horse. A mix of general horsemanship techniques and principles of classical riding will be taught. These techniques apply to both trail and show riders who want to improve their horse's natural gait and enjoy a safe and smooth ride.

Gary's clinics are fun to attend, with easy hands on training to help you get the most out your horse and, more importantly, you. Gary teaches using a step by step plan made up of tasks, conditions, and standards that will enhance your ability to work with your gaited horse. His leadership style is clear, and he uses a straight forward approach that makes it easy to understand and apply. His goal at every clinic is to find success for each horse and rider.

For more information about Gary Lane, see his website at [www.windsweptstables.net](http://www.windsweptstables.net).
