

Midstate Cup Tournament Testimony's

“This was our first year in attendance and you guys run by far, in our whole team opinion, the best central Illinois youth soccer tourney. You do a wonderful job on a wonderful complex to take attention to detail to make parents feel good about the experience their child is receiving. We have already penciled in next year and hope to bring a few more teams along, it was a blast.”

“You have amazing fields and facilities. I was impressed with how well laid out, clearly marked, and the signage you had for the fields. Your parking was well managed. Traffic flowed well. Every person we talked to was helpful and polite and was able to answer our questions.”

“Your volunteers were so friendly & helpful. You could tell there is a great family club atmosphere”

“The Game MVP was a fantastic way to foster sportsmanship and class, as well as to remind us all that we should encourage all players of the game, not just the ones that wear our jerseys. This touched to the spirit of what youth sports should be and I appreciate that you made it part of the fabric of your tournament.”

“The fact you held the trophy presentation on an elevated platform made pictures easier for families, made the boys feel special, and just capped the weekend well. Granted our team hasn't been to a lot of trophy moments, but the few we had were often quick, unorganized, and on the back side of a tent. This was far from that.”

“These facilities are some of the best that we play at. The fields are like carpet because they take such great care of them!”

“I loved the APP & it really helped enhance communication”

“The athletic trainers are always right there! No waiting on the ref or searching for a medical kart. The follow up from the trainer was also first class. Midstate really takes this aspect seriously”
